ABOUT US

Polyset Plastics Pvt. Ltd. is a leading manufacturer of Injection Moulded Plastic Products for various Consumer and Industrial Segments. Polyset was established in the year 1969, and with constant growth has turned into one of the largest manufacturers of Plastic Moulded Housewares and Furniture with state-of-art manufacturing facilities at Daman and Talasari.

We make high quality, affordable products which are unrivaled in style and performance. We strive to maintain excellence in every aspect of our work, from raw material selection to product design and production. We are an ISO 9001: 2015 certified company and all our products pass through stringent quality checks to ensure maximum customer satisfaction.

This includes products for Indian Railways and Indian Defense.

We want to do our bit to save the planet. We try to do this by providing sustainable, high quality and affordable alternatives to single use plastic products. We are committed to reducing our carbon footprint and in the process of making our factories solar powered. Our mission is to make our sustainable products available in India and all over the world, catering to the needs of every household.

Note: The actual product color may vary from the images shown in the catalogue. These images are for illustration purposes only.
